After that and after considering all the abovementioned documents, the State Prosecutorial Council have found out that your complaints have similar contents and that you are often filing them so we have decided that you have been misusing the right on filing complaints in relation to the Article 73, Paragraph 4 of Rulebook on Governance in the Public Prosecutor's Office and we have archived the case documents.

In this way we inform you that your future complaints relating the same case will be treated in the same manner, having in mind the fact that it is not allowed to complain about something that have already been considered, and all this in accordance with the provision of the Article 73, Paragraph 4 of Rulebook on Governance in the Public Prosecutor's Office.
